

Spiders

Children will need:

- Paper/card
- Pipe cleaners
- Scissors
- Sticky tape
- Pencils/Textas
- String

Cut out a circle (approximately 10cm diameter). You may like to find a circle shape to trace around or alternatively use a small paper plate.

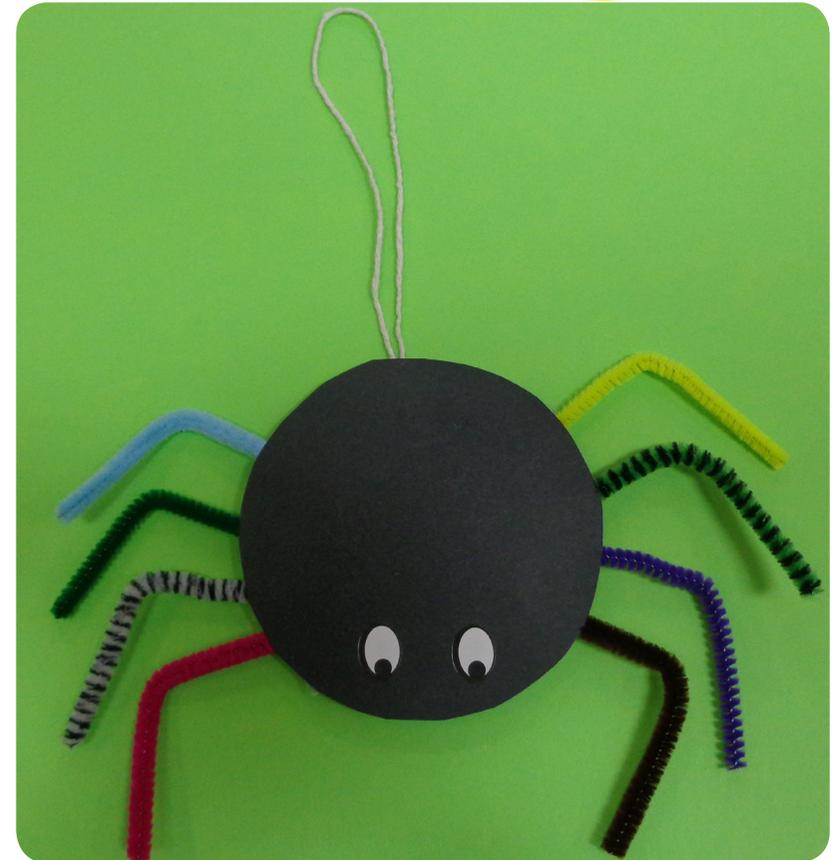

Cut pipe cleaners into approx. 10cm pieces and tape onto your circle for the spider's legs

Draw on some eyes (optional: use sticker eyes or wobbly eyes).

You may like to add some extra detail to the circle with pencils/textas.

Tape a piece of string onto your spider so you can carry it around or hang it up somewhere.

You can also use your spider to sing the song 'Incy Wincy Spider'.

Learning Outcome 4: Children are confident and involved learners
